

CREATED BY DAN GALEA

ANIMATED SERIES FOR KIDS 3-5

THE WORLD OF WEIRD STORIES

Every episode begins at the exact worst moment: Uncle Grimbis has cocoa, a chair, and peace. Then the twins yell down that they cannot sleep.

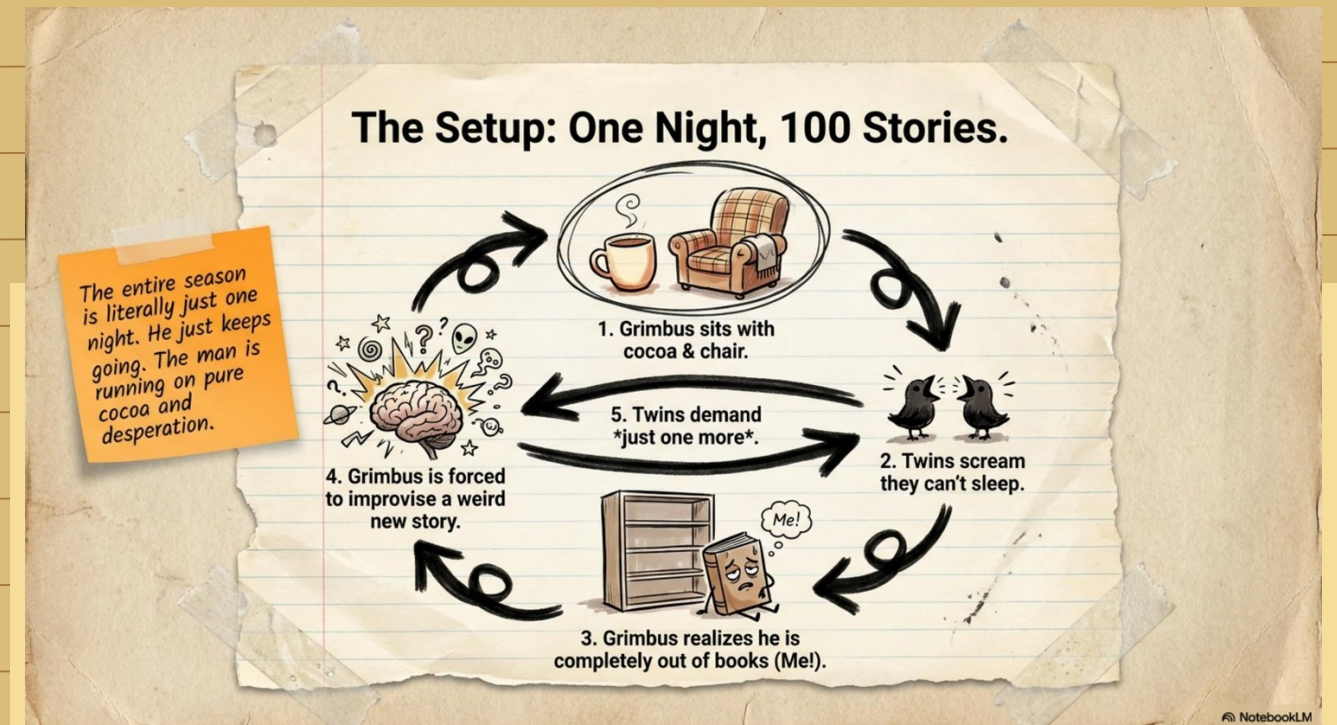

The spell: cozy bedtime ritual, moonlit nonsense, and runaway weirdness.
One more story becomes one hundred.

THE ENGINE

ONE NIGHT. ONE CHAIR. AN IMPOSSIBLE PILE OF STORIES.

Grimbus wants cocoa, quiet, and his favorite show. The twins want stories, answers, and absolutely zero sleep. He has run out of books, so every tale is invented on the spot.

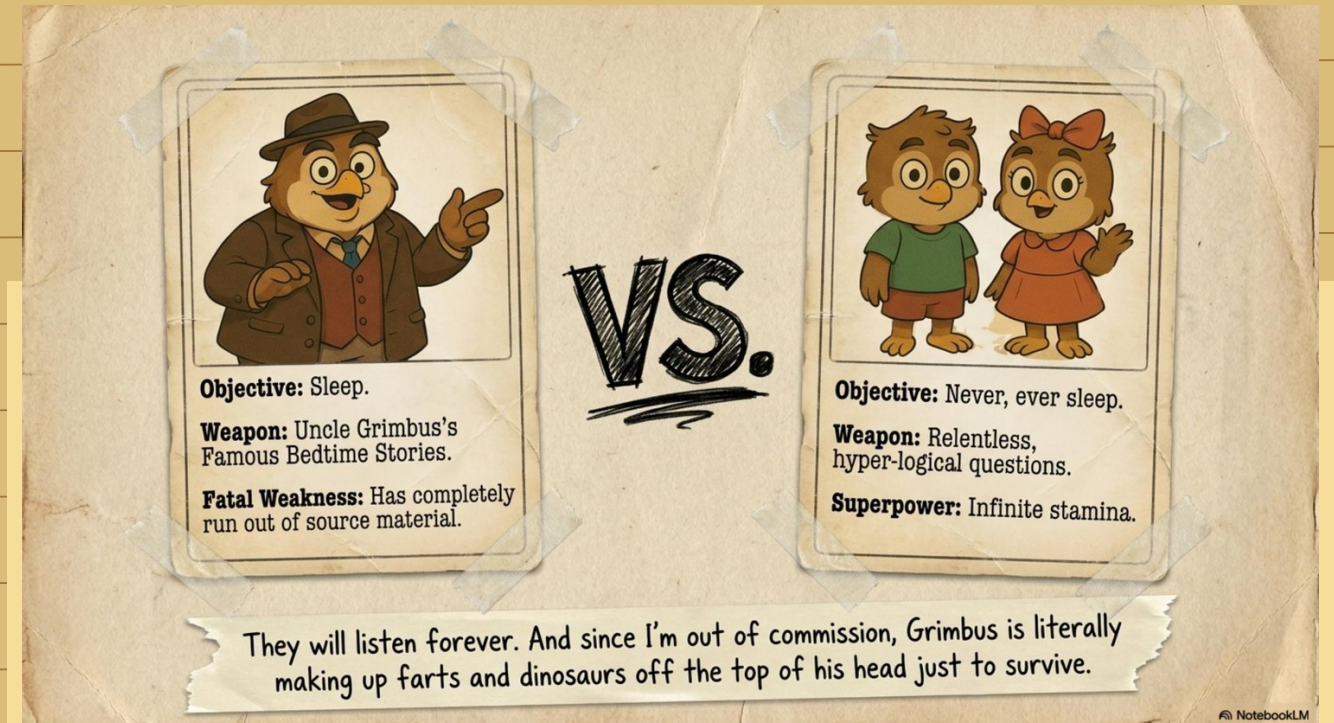

CHARACTER DYNAMIC

SLEEPY UNCLE VERSUS UNSTOPPABLE TWINS.

Grimbus has infinite stories and almost no patience. The twins have the kind of questions that can derail a fairytale in eight seconds flat.

Every interruption makes the story funnier.

STORY ARCHIVE #1

THE FART THAT LIVED FOREVER

A weirdly touching tale of family, aging, identity, and a legendary cloud named Don Chives.

Includes: Episode and Sing-a-Long video links in the interactive deck.

Story Archive #1: *The Fart That Lived Forever.*

A touching tale of
family, aging, and
sentient intestinal gas.

STORY ARCHIVE #2

GLITCH THE BABY ALIEN

Glitch is stranded on Earth, adopted by humans, and disguised as lawn decor. The joke is huge; the heart is belonging, learning, and being loved as-is.

The magic trick: silly first, sweet forever.

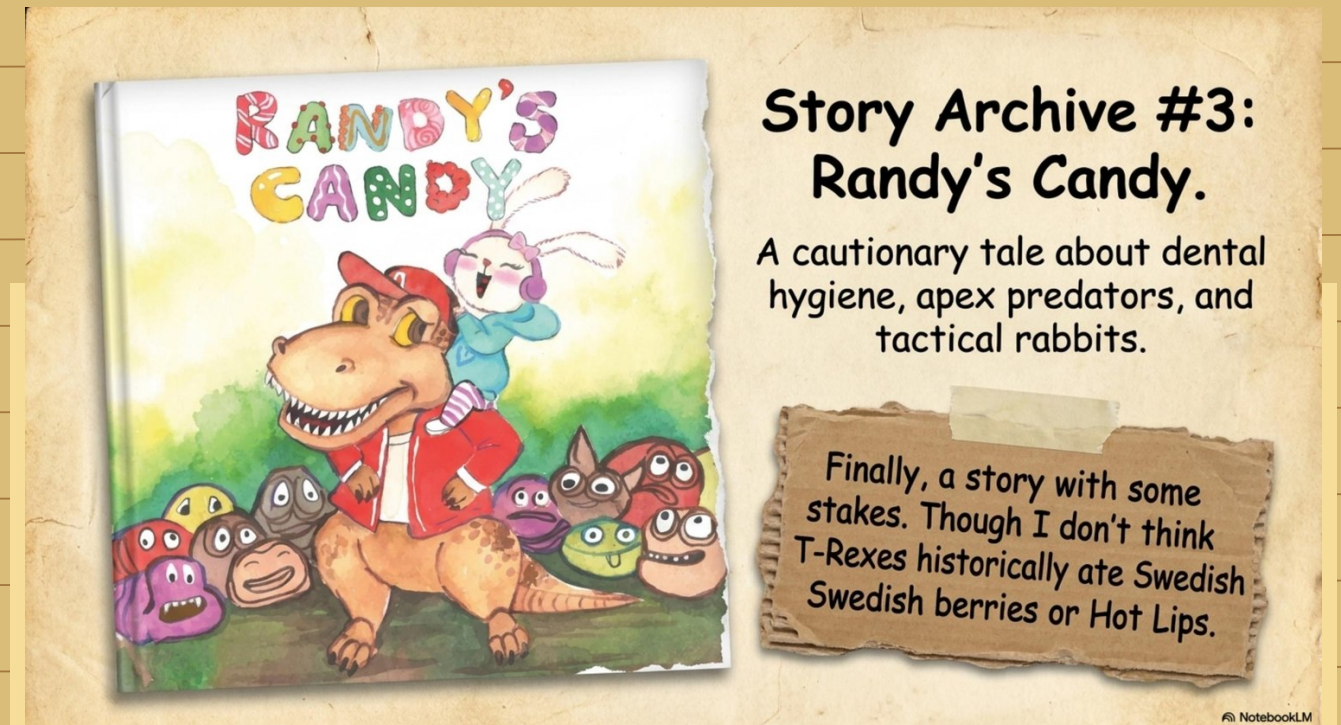

STORY ARCHIVE #3

RANDY'S CANDY

A cautionary dinosaur tale about dental hygiene, impulse control, clever plans, and the consequences of treating the world like your deli.

Broad comedy, clean kid lesson, and big visual stakes.

WHY IT WORKS

CLASSIC BEDTIME STRUCTURE.
WILD STORY LOGIC.

The show has the ritual comfort of a bedtime story and the repeat-view chaos of a playground joke that refuses to leave your head.

Sticky. Expandable. Warm.

	Traditional Fairy Tales	Grimbus's Weird Stories
The Heroes	Perfect Princes & Princesses	Sentient Gas, GLOORP aliens, toothless Dinos.
The Antagonists	Evil Witches & Dragons	Poor dietary choices, bad space weather, aging.
The Interruption	Passive, quiet listening	The Twins interjecting with brutal, logical questions that Grimbus must dismiss.

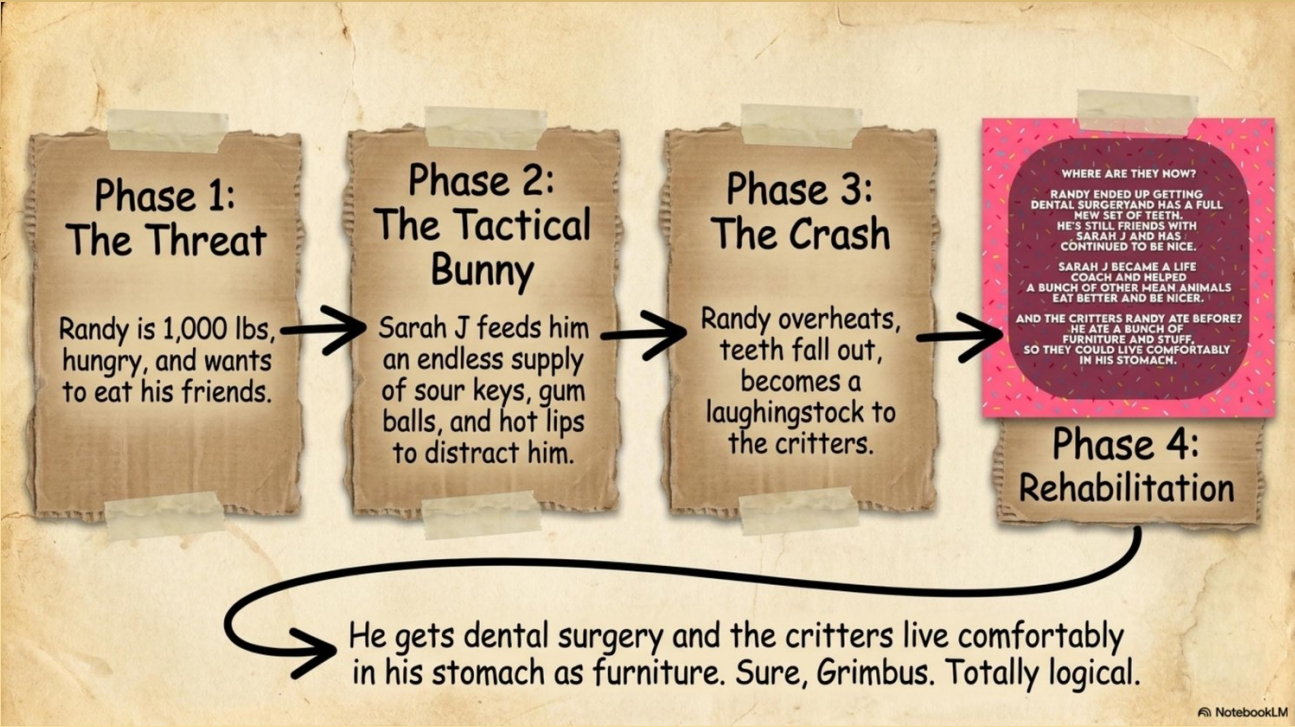

It's completely chaotic, but it hides genuinely wholesome lessons about health, acceptance, and love inside absolute weirdness. Kids respect that.

SERIES POTENTIAL

EVERY BEDTIME STORY
BECOMES A LITTLE WORLD.

The frame is simple enough for preschoolers, but each archive entry can expand into songs, books, shorts, character moments, and repeatable jokes.

Episode. Book. Song. Short.

THE PROMISE

A FRANCHISE HIDING INSIDE THE BEDTIME BOOK.

Animated episodes framed by Grimbuss and the twins. Storybooks, sing-a-longs, and shorts spun from each archive entry. A repeatable ending unlocks the next weird tale.

Fresh, hilarious, gentle at the core, and impossible to forget.
